

Safe Place Foundation Winter 2021-2022 Newsletter

Safe Place is a 501C3 *for impact* organization. Our goal is to reunite families and reduce crowding in hospitals, jails, and homeless shelters while giving those in need the tools to empower them to add value to their community. By attacking the root cause of homelessness, we are giving men a chance to return *recovered* to family and community. Not just return, but return as independent, self supporting, contributing members of *both* family and community. We do so by implementing recovery-based programming, utilizing the help and guidance of a supportive recovery community, and by giving them access to any and all community resources available to ensure their success.

Safe Place Foundation 2021-2022 Winter Newsletter

Success Story - Justis S.

Justis came to us in February of 2020 and transitioned to independent living December of 2021. Justis is now in a position to be a self-supporting member of his family and community. His consistency in meeting our weekly expectations provided a great example to our other residents, showing them just how quickly your life can turn around if you invest in Safe Place's environment of recovery. He was willing to adapt our recovery based approach and that is reflected in the success he is currently enjoying. While we will miss Justis, we send him back into the community confident he has all the tools needed to continue to grow and flourish.

Kyle Taylor - Safe Place Foundation Program Coordinator

Spring 2022 Fundraiser

Safe Place would like to take time to thank everyone who donated time, money, or food in 2021. We continue to need support to provide our residents with all the resources they need to find success. Why continue to support Safe Place? For those of us serving on the Board, it is simple...knowing many of the individuals who have completed the program...the world really is better with them as productive members of our community.

We currently need to raise \$100,000 in 2022 to cover our operating expenses. We will be attempting to raise \$50,000 of that in our Spring Fundraiser (March and April 2022).

We ask that you please think of us as you prepare your 2022 budget.

Ways to Give

If you are receiving this newsletter via email, you can click any of the blue donate buttons and they will take you directly to the indicated donation methods on our website. Give it a try!

DONATE

You can donate via PayPal, Venmo, or order needed supplies from our Amazon Wishlist. Click the blue donate buttons if you're feeling generous and would like to make a donation now.
